History

Since 1968, groups of Bass anglers throughout the United States and the world have united to create the Bass Anglers Sportsman Society (BASS) with one common goal – to learn how to become better Bass fishermen.

In 2006, the BASS Federation split forming two organizations, BASS Federation Nation (BFN) and The Bass Federation (TBF). BFN affiliated with the BASS organization owned by ESPN. TBF affiliated with Forest L. Woods (FLW) Outdoors. These affiliations are just some of the benefits the club membership offers.

Mile-Hi Bass Pioneers (MHBP)

MHBP is affiliated with both BASS and FLW Outdoors to allow club members to participate in Colorado and National activities from their selected affiliation. MHBP was established in 1972 and is Colorado's oldest BASS affiliated Chapter, Chapter number 0769. The charter members of MHBP helped create many of the chapters in Colorado. MHBP was formed for the same purpose of as BASS and FLW Outdoor goals – enjoyment, exchange of fishing idea, conservation, conducting youth and handicap fishing programs, the promotion of bass fishing as a major sport activity, competition, and responding to the threats to the quality of bass fishing waters and the future of the sport. MHBP promotes the enhancement of fisheries throughout Colorado to help promote fish populations. MHBP practice catch and release bass fishing during tournaments and recreational fishing. Pro-style Fishing Tournaments are also held each year where boaters and non-boater anglers are welcome.

Colorado Affiliation

MHBP is affiliated with both state organizations: Colorado BASS Federation (CBF) and Colorado – The Bass Federation (CTBF). Both state organizations are made up of representatives from state Chapters to organize across the state.
